SKILLS

- ❖ Excel
- ❖ Python(Pandas, NumPy , Matplotlib, Seaborn)
- ❖ Power BI
- ❖ SQL

EXPERIENCE

(Jan 2026 - Feb 2026)

❖ Data Science & AI/ML Intern | Sumago Infotech Pvt. Ltd, Nashik

Learned Python , Data Analysis & Machine Learning concepts. Worked on datasets and implemented simple ML models Gained hands-on experience with tools Numpy, Pandas, and visualization.

EDUCATION

- | | |
|---|--|
| ❖ Information Technology Engineering Sir visvesvaraya
Institute of Technology , Nashik | CGPA : 8.95
(2 nd year) : 9.59 |
| ❖ XII K.B. Rohamare Junior college , Jawalke | 74.50% 2023 |

PROJECTS

❖ AI-Based Resume Screening & Job Recommendation System

Developed a Flask-based web application to analyze resumes by extracting text from PDF files. Implemented skill detection and scoring logic to evaluate candidates and assign performance levels. Integrated automated email notifications and a dashboard for tracking submissions and analytics.

❖ Sales Dashboard using Microsoft Power BI

Built an interactive e-commerce sales dashboard in Power BI to analyze revenue, profit, and customer insights

❖ Web Scraping & Data Analysis Project

Scraped real-time data from websites using Python
Performed data cleaning and analysis to identify trends and insights using Pandas, numpy and visualization tools

Achievements

- ❖ Consistently achieved strong academic performance across all semesters
- ❖ Actively participated in a hackathon
- ❖ Successfully completed an Agentic AI program
- ❖ Completed Data Analyst course from an online learning platform
